Hon. Robert P. Patterson  
United States District Judge  
Daniel Patrick Moynihan United States Courthouse  
Courtroom: 24A  
500 Pearl St.  
New York, NY 10007-1312

RE: Karron, v United States of America  
CASE #: 1:12-cv-00118-RPP,  
OPINION AND ORDER #101897 of 6/6/2012, modified 6/11/2012

Dear Judge Patterson:

This letter is with respect to the *above* order for additional and full supporting backup for our claim. We are preparing requested documentation as ordered for property seized; to backup our claim for credit against criminal restitution. Because of the volume of detail, and the poor state of my records from that period, we respectfully require an additional 60 days to prepare these reports such that they are comprehensible and clear with CPA support. Preliminary schedules are provided as exhibits here (not in the fax copy), but they are unchecked and contain bugs. Copies of checks and statements behind each purchase showing payment account are being compiled.

We would propose to negotiate these schedules with the Government if you so order.

We also respectfully request submission on a DVD to the Court and to the Government instead of printing out more paper.

#### PROPOSED CLASSIFICATION SCHEME

We also propose, and request consent of the Government, the following classification scheme to simplify quantification of the losses to Karron and the recovery to the Government by

its seizure in June 2007. Estimates of the total value reported by the OIG (*See Exhibit 1*) \$300,000 and estimated by reconstructed CASI records (*Exhibit 6*) are about \$341,899

- 1) Equipment and property seized (over seized) purchased and paid for prior to the project start on October 1, 2001. This is approximately worth **\$70,858** in inventory, (*See Exhibit 2*) that was eligible for match co-funding in kind (*See Exhibit 5*). The actual cost of seized equipment (all of CASI's computer inventory at the time) was **\$123,516** (*See Exhibit 3*)
- 2) Equipment and property seized (over seized) purchased and paid for after the project was suspended, after June 27, 2003, and before the Government's seizure in June 2007. We currently estimate it is worth **\$50,241**. (*See Exhibit 4*)
- 3) Items were purchased during the period of the project, and where the source of funds was **either** NIST ATP or Karron's tax paid salary. This consists of approximately **\$182,099** (*See Exhibit 5*) worth of computer inventory not paid by the Burgundy NIST ATP program checks, subject to being verified by a CPA. We have engaged new accountant to try to help sort this and the tax issues.

To make matters simple, we propose to further segment the items purchased during the project period (Item 3, *above*) by source of funding.

#### PERSONAL FUNDS

- A. Paid by Karron's Mastercard,
- B. Paid by Karron's Visa,
- C. Paid by Karron's checking account or cash, or
- D. Equipment Ordered prior to suspension, but Paid by any means for after the grant was suspended on June 27, 2003 are to be considered property of CASI/Karron

#### GOVERNMENT FUNDED PURCHASES

- Equipment purchased and paid with Burgundy NIST ATP Program checks, with a fair market value less than 5,000 dollars that would be otherwise abandoned to CASI at full value. We should agree on a date for evaluation.

We bring to the Courts attention to the following NIST ATP Statute, citing title to equipment purchased with grant funds vests with the grantee, namely CASI.

(<http://csrc.nist.gov/grants/15CFR24.pdf> or <http://www.gpo.gov/fdsys/pkg/CFR-2001-title15-vol1/pdf/CFR-2001-title15-vol1-sec24-32.pdf>)

(a) Title. Subject to the obligations and conditions set forth in this section, title to equipment acquired under a grant or subgrant will vest upon acquisition in the grantee or subgrantee respectively.

(e) Disposition. When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a Federal agency,

(1) Items of equipment with a current per-unit fair market value of less than \$5,000 may be **retained, sold or otherwise disposed of with no further obligation to the awarding agency.**

(2) Items of equipment with a current per unit fair market value in excess of \$5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

Respectfully Submitted,

*[Handwritten signature]*

D. B. Karron

**Case: Daniel B. Karron v. United States of America**  
**Index No.: 12 Civ 0118 (RPP)**

**MEMO ENDORSEMENT READS:**

**Application denied.**

**The Plaintiff has had 30 days to identify the specific items of property that she claims should be returned to her and has failed to do so, even though the list of items seized by the government from her apartment has been available to her. See Exh. A of Government's Letter to the Court dated July 12, 2012.**

**Plaintiff's application for an additional 60 days is denied and her claim for return of her property is dismissed for failure of proof of title to any item of property seized.**

**So Ordered.**

## Former BIS Investigator Indicted for Misuse of Law Enforcement Database

A former criminal investigator in the Office of Export Enforcement was indicted on September 19, 2007, in the Northern District of California on one count of unlawfully obtaining information from a government computer and one count of making false statements after an OIG investigation established he had accessed the Treasury Enforcement and Communication System (TECS) 163 times over a 2-month period in order to track the whereabouts of a former girlfriend. TECS is a secure, password-protected system designed to identify individuals suspected of or involved in violations of federal law, and permit direct communications between Treasury law enforcement offices and other federal, state, and local law enforcement agencies. The former special agent also used the database to track the movements of members of the woman's family, and made harassing and life-threatening remarks to her, threatening to have her deported. When questioned by OIG investigators and his supervisors, he lied about the number of times he had accessed the investigative database for personal reasons. The defendant was scheduled for arraignment in October 2007. (*Atlanta Field Office*)

## ATP Award Recipient Indicted and Assets Seized

On June 13, 2007, the recipient of a \$2 million Advanced Technology Program award was indicted for program fraud in the Southern District of New York, based on the results of an OIG investigation that found nearly \$400,000 in project funds had been diverted to the defendant's personal use. On June 25, 2007, a superseding indictment was filed, adding an asset forfeiture clause seeking \$390,000 and the apartment the defendant used as both a residence and a place of business. OIG agents served a seizure warrant the following day and recovered an estimated \$300,000 worth of computers and associated electronic equipment allegedly purchased with federal funds. A trial date has not yet been set. (*Atlanta Field Office*)

## Arrests and Convictions Continue in International Telemarketing Fraud Case

For the past 4 years, we have been investigating a major telemarketing fraud scheme based in Costa Rica that was perpetrated by callers identifying themselves as employees of the Commerce Department and other federal agencies, who told victims they had won huge cash prizes in a national lottery. In order to secure their winnings, victims were instructed to use commercial wire transfer services to send payments of \$1,500 to \$4,500 to Costa Rica. The investigation is an integral part of the Department of Justice's Operation Global Con, a massive international fraud investigation involving nearly 3 million victims and more than \$1 billion dollars in fraud worldwide.

Since its inception, our investigation has resulted in a total of 32 arrests and 20 convictions of participants in the scheme, as well as a payment of nearly \$1.4 million in restitution from one defendant. (See March 2007 *Semiannual Report*, page 61.) During this semiannual period, eight defendants were con-

Re: Cooperative Agreement 70NANB1H3050, Amendment No. 6

Subject: Request for lifting of award suspension

Dear Ms. Goldstein;

This letter is to inform you that CASI LLC has made cash deposits into the CASI NIST Project checking account (JPMorgan-Chase Bank Account XXXXXXXX3166) totaling \$47,000.00. This funds in part the CASI contribution of \$67,000.00, as required by cooperative agreement 70NANB1H3050, Amendment No. 6, through the end of the current fiscal year through September 30, 2003.

Additionally, CASI is providing \$20,000.00 as 30% of its \$67,000.00 contribution as an "in-kind" contribution, based on invoice or fair market value assessment noted in the attached spreadsheet and supporting documents. The equipment valued in the attached was purchased with CASI funds prior to the start of this current award, but has been used 100% for our current NIST project.

CASI has made, in good faith, previous match contributions totaling \$16,600.00, however these were later re-classified as non-match by our accountant. The Project PI has taken a second mortgage on the project apartment to cover the new re-match payments made since the suspension.

Mr. Robert Benedict, our Administrator and Business Manager of CASI LLC has established management controls and procedures that will ensure the appropriate amount of Member Contribution will be made at the appropriate time for any future ATP fund draw to prevent this problem from happening during the remaining course of this year funding when resumed, and at any point in the future.

# C. A. S. I.

## Computer Aided Surgery, Inc.

Finally, with the CASI Member Contribution now met through the end of the second project year, as supported by the appended documents, CASI respectfully requests the lifting of the grant suspension amendment so that our research project may continue.

Yours truly,

  
D.B. Korman, PhD
